

## 2017 Australian Prawn Farmers Association Symposium 1-2 August 2017

### STUDENT POSTERS

### RACV Royal Pines Resort Gold Coast

We invite students to submit proposals for posters to be displayed at the upcoming symposium on the Gold Coast.

We will welcome proposals from students relative to aquaculture from study fields such as but not limited to - genetics, animal health management, engineering, economics, marketing and public relations, environment, water quality and robotics.

The Australian Prawn Farmers Association Research & Development committee will evaluate proposals and selected proposals will be invited to provide a poster.

All posters will be eligible for the National Industry Award for the most innovative R & D idea for industry and will be invited to the Awards Dinner and presented with a plaque in category of Student Award.

#### PROPOSAL

- ✓ Include the name of the Institution and contact details of the student
- ✓ Small abstract limited to 250 words
- ✓ Disciplinary area (eg engineering, animal health management, water quality)

Proposals will be accepted up to Friday 30 June 2017 and students will be notified of acceptance in second week of July if the proposal has been accepted. This will then enable the student to prepare a poster.

Posters will be displayed during the symposium.

Please send proposals to [roni@agrimix.net.au](mailto:roni@agrimix.net.au) by 30th June 2017 for consideration.

If there are any questions – please call Veronica Cox on 0417 330 989.
